Mechanical Trades

HANDS-ON LEARNING TO GET YOU EARNING

It's all about getting jobs

It is vitally important that your reason for training with us is to get a job and that you are prepared to do what it takes to get that job!

Throughout this programme, you will be shown the skills needed to find employment successfully. This support is continued following the programme, with help finding employment or the appropriate next education programme to further your career.

As a part of your training, you will be placed into the industry for work experience. Many gain employment from this work experience.

You finish WORKstart when you gain employment (a maximum of 26 weeks training). However this may be extended in some instances for Youth Training job seekers.

WORKstart is

- Practical hands-on training
- CV preparation or updating
- Work experience
- Career planning and job search
- Personal development to further enhance your skills for the workplace. You'll be able to develop essential attributes such as time keeping, personal presentation, cultural and community awareness, team work, dealing with stress and communicating in a working environment

WORKstart offers

- Literacy and numeracy support
- NZQA units and/or qualifications
- Opportunity to complete NCEA up to Level 2

If you're totally committed to making a go of it, then we're totally committed to helping you!

What you could achieve

The Academy assists every job seeker to set learning goals and plan steps to gain employment. When in employment, support is given to ensure the transition to earning and independence is successful.

All unit standard based learning gained from this programme is recorded with the New Zealand Qualifications Authority. These achievements remain with you forever and can be added to at any time.

WORKstart Mechanical Trades includes

- Service Sector - learn skills including customer service, customer enquiries, Health & Safety requirements, sales and calculations
- A general guide to the mechanics of a motor vehicle including the locations and layouts of systems and the main components
- Automotive - operation of 2 and 4 stroke engines, petrol and diesel, brakes, suspension, tyres and steering mechanisms
- Safe working practices in an automotive workshop
- How to use and maintain hand held tools and workshop equipment used in the automotive industry.
- Electrical & Electronics - introduction to basics, design and construction projects

The WORKstart Mechanical Trades programme offers diverse, project based content which will be supplemented with industry visits to technology based industries, guest speakers and plenty of opportunity for a look at a wide range of employment opportunities.

This programme offers skills, knowledge and a sound, common-sense approach and is ideal for people wishing to work in the automotive and mechanical industry.

We'll do more than teach you about 2 and 4 stroke engines - we'll also sit down with you to determine the skills and attitudes you need to get working!
